

# MAGNESIUM OIL

1Equine Magnesium Oil is a high-quality magnesium chloride supplement used topically to replenish magnesium lost in sweat due to working, training and racing. Topical supplementation is a convenient and well tolerated way to administer magnesium at therapeutic doses, as it can be difficult to gain in adequate amounts through diet alone.

UNIT SIZE	RRP	DOSE	FEEDS PER UNIT	COST PER FEED
1 L	\$53.49	50 mL	20	\$2.67
5 L	\$198.99	50 mL	100	\$1.99

## KEY BENEFITS

### RECOVER & REVITALISE

Topical magnesium supports quicker recovery time, eases soreness and provides relief to muscles.

### PURE MAGNESIUM

Helps to relax and rejuvenate muscles, replenish magnesium lost in sweat, and maintain horse's mood.

### TRANSDERMAL ABSORPTION

Topical application of magnesium is found to have a considerably faster absorption rate.
